A Customer-Driven Global Company

Established in Europe in 1998, Auger Torque has created a new standard in the Earth Drill and Trencher Attachment market by putting you, the customer, at the centre of everything we do.

In 2005, after surveying the market carefully, we released a new range of innovative products, designed to provide unrivalled reliability and cost effective operation.

Auger Torque is proud to have become part of the Kinshofer Group of companies in 2015. With the backing of the German attachments giant Auger Torque has since enjoyed even greater growth in all areas of its business operations.

Auger Torque's five manufacturing bases around the globe are busy satisfying the ever-growing demand for high-quality products in over seventy countries and on all seven continents.

Log Splitter

It's quick and efficient. Augertorque's new Log Splitter for processing and recycling logs.

The compact and robust Log Splitter makes light work of processing those fallen trees into manageable pieces.

As the Log Splitter rotates, the self-guiding threaded body engages with the timber and draws the splitter into the log. The conical shape quickly works its way through the log, splitting the log in two. For larger logs, the Splitter can be repositioned to continue the split along the whole length of the log.
